WOMEN IN BUSINESS: opportunities and challenges in Czechia

19 Nov 2024
at 18.00

The Embassy of Italy and the Italian-Czech Chamber of Commerce in Prague have chosen a special day dedicated to celebrating the achievements and contributions of women in the business world.

Women make up 52% of the total European population but only 34,4% of the European Union self-employed and 30% of start-up entrepreneurs.

With the support of successful Czech business women and their living best practices, the event aims at supporting Italian women's professional growth and achievements creating a network among women in Prague.
